CAPE GRIM TASMANIA

Tasmania is world-renowned for its rugged wilderness, pristine beauty and landscape of vivid contrast.

Cape Grim in the far northwest corner, shaped by wild Southern Ocean swells, abundant rainfall has the cleanest air in the world.

Our proud collective of beef farmers throughout Tasmania, King and Flinders Islands, have a commitment to sustainable farming and ethical practices.

They nurture the finest quality cattle, without harming the pristine environment.

Raised on rich pastures with nothing else added, Cape Grim Beef is hand-selected and rigorously graded, rewarding you with pure beef flavour – made by nature.

Inspired by the lofty heights of the Great Dividing Range, the name 'Pinnacle' was chosen to represent the best of the best in Beef and Lamb. Cattle are raised in some of Australia's most prestigious farming country, enjoying the luxury of a cool temperate climate and lush natural pastures.

Sourced from areas far and wide such as Gippsland, South Western Victoria, Tasmania, King Island, Flinders Island, Southern New South Wales and South Australia. This abundance of land ensures maximum free range rotation across pastures and a continuous plane of nutrition delivering a consistency of eating quality that sets it apart from the rest.

Pure Black Grass Fed Angus beef is grown in southern Victoria & Tasmania, regions renowned for abundant rainfall, clean air and a pristine environment.

Young cattle thrive on green pastures in a relaxed setting to ensure their meat is beautifully soft and tender without the need of added hormones.

This region is home to many premium breeds, but the real king of Pure Black Beef is Angus, trusted in fine dining restaurants across the world.

Pure Black Beef is guaranteed to be tender, juicy and full of flavour.
